## Westery Town Council's Busy Day

Hearings on Applications for Liquor Licenses—Not all  
Petitioners Get By—Samuel G. Cottrell Re-elected  
Chief Engineer of Fire Department—Submits Inter-  
esting Report and Recommendations.

The Westery town council held a session Wednesday for hearings on the applications for liquor licenses. Presiding Clerk Clark presided and these members were present: Councilmen Masson, Flynn, Culley, Saunders, Lang-  
worthy and Burnett. This session was held in the office of Town Clerk Whip-  
ple and the room was crowded with applicants, attorneys and remon-  
strants.

The applications were called in the order of their filing and the hearing lasted three hours, with as many pres-  
ent at the finish as at the start, with the evident expectation that licenses would be granted without further con-  
sideration by the councilmen.

Alphonso Acotto, 72 Pierce street, was the first applicant considered. He was represented by Judge John W. Sweeney, who stated that Acotto had been a resident of Westery for fifteen years and was a voter in the town. Judge Sweeney announced he was in-  
terested in other applications, but was obliged to attend the superior court. Angelo Cappuccino stated that he was a resident of Pierce street and said that was a residential section and if licenses were to be granted in that street, he insisted that the taxpayers be given proper police protection. No objection was made to Acotto.

Sullivan Joseph Bookstaus, 62 Pleasant street, application called. No objection.

Michael Capelbo, on Niantic road, was called. Application withdrawn.

John J. Carney of Newton avenue, applied for license at 45 Canal street. Mr. Carney stated that report had been circulated that he had applied for license in the interest of someone else. He contradicted the report. No objection.

John Gatto applied for license in Niantic near the railroad station in the Potter Hill road. The applicant stated that a remonstrance against the licensing of this place had been signed by property owners of the town, but he was informed by the clerk that the remonstrance had not been re-  
ceived.

It was suggested that action be de-  
ferred, but John Gatto made objection to have the remonstrance to the hearing. Mr. Gatto said his object in applying for license was for the benefit of the village of Niantic where men could get pure liquors instead of a mixture of alcohol and chloroform. The hear-  
ing in this case was continued until later in the session.

John Champlin applied for license at the Ocean house, Watch Hill. No objection.

Charles D. Chipman, 22 Canal street, applied for license. No objection.

Frank Costanzo, applied for license at 38 Pierce street. No objection.

John D. Clark, proprietor of the Watch Hill house, applied for license. J. Irving Maxson asked if it was necessary for the applicant to be a citizen of the state. Attorney Dunn, representing the state, acting for the Watch Hill house, was of opinion that it was not necessary for the applicant to be a citizen of the state, but that he must be a citizen of the United States. President Clarke said that point must be settled up.

Emelius DiPietro, 32 Pierce street, was the next applicant considered. No-  
tice of withdrawal had been filed.

John Dougherty applied for license for the Dougherty place on the Pot-  
ter Hill road. Remonstrance was filed against this place by owners of land within 200 feet of the place. Remonstrance was also made by the owner of property directly opposite the Dougherty place. A remonstrance was also received from many residents of Potter Hill. Including representatives of the manufacturing industries. Mr. Hope, superintendent of the Pot-  
ter Hill road, and James McGinnis, made verbal protest. Attorney Dunn asked that only the remonstrants that owned property within 200 feet of the Dougherty premises be considered by the council.

Charles P. Dunham, at 64 Canal street, applied for license at that place. No objections.

Leola W. Early, manager of the Dixon house, applied for license for that hotel. No objections.

Salvatore Feroe of 51 Pierce street, application for license, was next con-  
sidered. No objection.

Giovanna Farina, 54 Pierce street. No objection to application. Attorney Dunn stated that applicant is a citi-  
zen of the United States and is of good moral character and a good citi-  
zen. He is employed in the Westery street department.

Frank L. Holliday applied for li-  
cense at 150 Granite street. Attorney Dunn spoke in behalf of the applicant and declared nothing could be said derogatory to his character. No objections.

Charles Lorello, 71 Pierce street, ap-  
plied for license at that place. This application was withdrawn.

Frank Marion applied for license for 23 Canal street. No objection.

Thomas F. Martin and Andrew J. Martin applied for license for the Mar-  
tin house in Canal street. Charles Perry asked if the application was for the hotel alone, or for the hotel, or for

the two stores as well, as several num-  
bers were given in the application. It was explained that the application was for one license, the saloon to be lo-  
cated in one of the stores named in application or in the hotel proper. This case was held open for further con-  
sideration. No objection was made.

Michael McCarthy applied for li-  
cense at his place on the White Rock road. Attorney Dunn spoke of Mr. McCarthy as a well known citizen. No objection.

Luigi Marino of 76 Oak street, ap-  
plied for license. Remonstrance was made by owners of property within 200 feet of the Marino premises. There were also remonstrances from taxpay-  
ers in the neighborhood. The remon-  
strance was also made to include the other applicants for license in Oak street. Attorney Dunn reminded the councilmen that consideration should be given only to those who were prop-  
erty within the 200 feet limit. James Jolly appeared for the remonstrants. An anonymous protest had been received. Giovanni Turano, 64 Pierce street, was the next applicant considered. Angelo Cappuccino applied for prop-  
erty within fifty feet of the premises, filed objection, as the saloon would mean a financial loss in rentals. Mr. Cap-  
puccino suggested that the saloon keep-  
er pay him the rentals that would be lost, as it was not fair for a saloon keep-  
er to take from him the hard-  
earned money.

Guiseppa Turano of 87 Pierce street applied for license. Attorney Dunn spoke in advocacy of a license for Mr. Turano. No objection.

Francisco Terrence applied for li-  
cense at 37 Pleasant street, corner of Pierce. No objection.

President Clark then declared the hearing closed and announced that the applications would be further consid-  
ered in executive session during the afternoon. He said that final decision might be reached in some of the cases and that probably applications for drug licenses would be considered at the same session. As the superior court was holding session in the town hall proper and during that day the town clerk's office at times being used by the judge, the secret session of the council was held in a room in the central firehouse.

The report was voted to be received.

"In the middle of the night of March  
20th I woke up with a burning itch  
in my two hands and I felt as if I could  
pull them apart. In the morning the  
itching had got to my chest and during  
that day it spread all over my body. I  
went to bed and from the top of my  
head to the sole of my feet and I was  
in continual agony from the itching. I  
could neither lie down nor sit up. I  
happened to see about Cuticura Remedies  
and I thought I would give them a  
trial. I took a good bath with the Cuti-  
cure Soap and used the Cuticura Oint-  
ment. I put it on from my head down  
to my feet and then went to bed. On  
the first of April I felt like a new man.  
The itching was almost gone. I con-  
tinued with the Cuticura Soap and Oint-  
ment and during that day the itching  
completely left me. Frank Grid-

The tendency of gift giving  
every year is toward the sensible  
useful articles which tend to  
lighten a man's or woman's  
labor. Is the man a carpenter,  
a machinist, or a man who uses  
tools of any description? Then  
use a little diplomacy and find  
out what tools he would like and  
perhaps feels he can't afford.  
Use the money you would other-  
wise spend on something that  
wouldn't benefit him so much  
and come here for the tools.

OUR SUGGESTIONS FOR CHRISTMAS SHOPPERS

Nearly every house has one or  
more of the labor saving devices  
we mention below. Many houses  
have them all. Every house  
ought to have them all because  
they do better work and shorten  
the housewife's laboring hours.  
What could you think of that  
be more appreciated by the  
housewife than one or more of  
these labor savers?

**Make Out Your Christmas List**  
PUT DOWN A  
**Lisk Self-Basting Roaster**  
A new and better principle for self basting. Note the depressed  
top. The gravy as it ascends in the steam condenses and  
cover, runs to the middle of the depression and falls on the  
CENTER OF THE ROAST. A very attractive looking roaster  
made in four sizes. Roasting, Basting, Boiling. Any house-  
wife would more than appreciate this kind of self-basting roas-  
ters. Its use results in better cooked, more tender roasts, and  
less shrinkage. Then think of the time saved the housewife.  
It's self-basting.

**Every Cook**  
should have a  
**The Universal**  
**Food Chopper**  
Here is a kitchen labor saver that needs no introduction. Every Christ-  
mas for years we have had a brisk sale of these for gifts. Before anything  
else every housekeeper should have one of these. Think of your friends who  
haven't one of these and send us your order.

**The Universal**  
**Bread Maker**  
Another household invention which has become a necessity in every  
kitchen. It makes good bread, better than can be made by hand and makes  
it good—not once in a while, but good bread every time. It does away en-  
tirely with that much dreaded back-breaking task of hand bread kneading.  
Four-loaf size \$2.00; eight-loaf size \$2.50.
